

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularly or suppression causing headache, nervousness, irritability, and sleeplessness.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

"EMPLOYMENT" AGENCY.

Confidence Gang Found Guilty of Obtaining Money Falsely.

CHICAGO, May 9.—One of the most persistent and systematic "confidence" gangs that ever operated in Chicago was broken up yesterday for a few years at least, when Patrick L. Touhy, Philip Bulfer, Lee Burnett and J. C. Detbach were found guilty of obtaining money under false pretenses by a jury in Judge Ball's court.

These men were organizers and managers of the Chicago Mercantile & Reporting Agency with offices at 171 Washington street. It was a "fake" employment agency with a schedule of swindling by means of getting contracts on the carbon paper game. Bulfer, Touhy and Burnett were sentenced to the penitentiary, while Daubach was only a clerk was fined \$250. The sentence in prison is from one to five years.

The victims were all men and women of the poorer class, mostly small shopkeepers.

Burnett's method was to call on a storekeeper in the outer parts of the city and ask if his firm, the Chicago Mercantile & Reporting Agency, could not take over a few uncollected bills for the shopkeeper at a small commission. Obtaining consent, Burnett produced a blank book and asked the shopkeeper to sign his name to one of the pages to complete the "contract."

The next the storekeeper heard was to receive a bill for \$25 from the Chicago Mercantile & Reporting Agency. Asking what it was for, he was shown a contract with the victim's signature attached, in which contract the shopkeeper had agreed to pay the company \$20 for services performed. Occasionally Touhy and Bulfer would start suit without sending any bill. If the victim was not fast enough in his payments a levy would be made.

The "employment" part of the agency was a fantasy. Men and women who applied for jobs were required to deposit \$2 or \$3 and sent to places where no help was needed day after day.

CLEAR HAVANA CIGARS.

Exhausted Stocks and Short Crops Cause of Slim Output.

NEW YORK, May 9.—"Clear Havana cigar manufacturers of the United States are at this moment confronting the most serious situation since the Weyer edict," is the statement made in an article in the most recent number of the tobacco leaf, by a writer who has conducted an extensive investigation in Cuba for that publication. Exhausted stocks and a short crop are given as the reasons.

What You Want and What You Get

Usually, when a man pays out his money for anything, he gets what he wants, or there's a good, strong kick for the man who sold him a disappointment.

Why isn't this true of cigar purchases? Why has the public been so long-suffering with cigar manufacturers? Why will a man pay out his good money for poor cigars?

It's hard to say. But it's easy enough to see how a great many manufacturers take advantage of this careless buying, and unload inferior cigars on unsuspecting purchasers. This flim-flaming game can't last forever.

Smokers every day are waking up more and more to the fact that

Cigars are now made better than ever they were.

Smokers can tell good cigars when they smoke them—and they are fast finding out that cigars in boxes stamped with the "Triangle A" are invariably of better quality than cigars which are not guaranteed in this way.

The "Triangle A" on a cigar box is a sign of honest cigar values—and that's just exactly what the American smoking public has wanted for many a day.

The better value we are able to produce through our new scientific manufacturing methods is particularly noticeable in

The New CREMO 5 Cents
